The future is awaiting, it is peering through a glass  
Visions of the present interwoven with the past  
Ima, a tapestry, is what you gently weave  
With lessons to be cherished, when the time does come to leave

As youth transforms we're drawn into the lessons you impart  
Our essence is the image of what you see in our heart  
Our feelings you respect, to be ourselves is your request  
And to live as bnos torah, is what you do expect

## **CHORUS**

**Because we are Bais Yaakov Lechu V'nailcha B'ohr Hashem  
You polish, mold us, guide us so we'll be a shining gem  
A bas melech fine and pure, in every situation  
We see this derech you display, without hesitation**

**Because we are Bais Yaakov Lechu V'nailcha B'ohr Hashem  
You polish, mold us, guide us so we'll be a shining gem  
Your actions plant the seeds, now we know the path to follow  
We are the children of today, and yet the mothers of tomorrow**

Your praise resonates inside our souls with every breath we take  
Our faults are met with patience so our spirits will not break  
You build us up each day, with all the pleasant things you say  
These are the tools we carry, when nisyonos come our way

So thank you Ima for the precious gift of self esteem  
As life unravels we'll unwrap this present so supreme  
We have the strength we need, in Hashem's light we'll proceed  
With a sparkling neshama, we know we can succeed

## **CHORUS**

**Because we are Bais Yaakov Lechu V'nailcha B'ohr Hashem  
Soon mashiach will arrive and call us back again  
Together you and me, will greet mashiach proudly  
Hand in hand we will ascend toward mashiach joyously**

**Because we are Bais Yaakov Lechu V'nailcha B'ohr Hashem  
Soon mashiach will arrive and call us back again  
We're ready for that day, because we know the path to follow  
We are the children of today, and yet the mothers of tomorrow**
